

## DIY FLAVOURS INC

### Safety Data Sheet Real Flavours Strawberry Jam Toast

---

#### SECTION 1: Identification

##### 1.1 GHS Product identifier

Product name	Real Flavours Strawberry Jam Toast
Product number	REAL-STRAWBERRYJAMTOASTEXT
Brand	Real Flavours

##### 1.2 Other means of identification

Strawberry Jam Toast Extract; Strawberry Jam with Toast Super Concentrate; extract; flavouring

##### 1.3 Recommended use of the chemical and restrictions on use

Recommended for use in flavouring food and beverages

##### 1.4 Supplier's details

Name	DIY Flavours Inc
Address	30722 Marshall Rd Exten Unit 132 Abbotsford BC V2T 0H9 CANADA
Telephone	1-800-240-8953
Fax	N/A
email	support@diy-ejuice.com; support@diyflavours.ca

##### 1.5 Emergency phone number

1-800-240-8953 (US/CANADA)

---

#### SECTION 2: Hazard identification

##### General hazard statement

"Consumer Products", as defined by the US Consumer Product Safety Act and which are used as intended (typical consumer duration and frequency), are exempt from the OSHA Hazard Communication Standard (29 CFR 1910.1200). This SDS is being provided as a courtesy to help assist in the safe handling and proper use of the product.

##### 2.1 Classification of the substance or mixture

**GHS classification in accordance with: OSHA (29 CFR 1910.1200)**

# Safety Data Sheet

## Real Flavours Strawberry Jam Toast

- Eye damage/irritation, Cat. 2A
- Skin corrosion/irritation, Cat. 2

### 2.2 GHS label elements, including precautionary statements

#### Pictogram

#### Signal word

Warning

#### Hazard statement(s)

H315

Causes skin irritation

H319

Causes serious eye irritation

#### Precautionary statement(s)

P280

Wear protective gloves/protective clothing/eye protection/face protection.

P302+P352

IF ON SKIN: Wash with plenty of water.

P305+P351+P338

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing.

P321

Specific treatment (see advice on this label).

P332+P313

If skin irritation occurs: Get medical advice/attention.

P337+P313

If eye irritation persists: Get medical advice/attention.

P362+P364

Take off contaminated clothing and wash it before reuse.

### 2.3 Other hazards which do not result in classification

Not applicable

#### Statement regarding ingredients of unknown toxicity

None known

---

## SECTION 3: Composition/information on ingredients

### 3.2 Mixtures

#### Hazardous components

##### 1. Propylene glycol

Concentration

95 - 99 % (weight)

EC no.

200-338-0

CAS no.

57-55-6

H315

Causes skin irritation

H319

Causes serious eye irritation

##### 2. Flavouring components

Concentration

1 - 5 % (weight), Trade secret\*

CAS no.

\*

#### Trade secret statement (OSHA 1910.1200(i))

\*Specific chemical identity and/or actual percentage of concentration has been withheld as a trade secret

---

### SECTION 4: First-aid measures

#### 4.1 Description of necessary first-aid measures

General advice	Consult a physician. Show this safety data sheet to the doctor in attendance.
If inhaled	If breathed in, move person into fresh air. If not breathing, give artificial respiration.
In case of skin contact	Wash off with soap and plenty of water. Get medical attention if symptoms occur.
In case of eye contact	Rinse cautiously with water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention/advice.  Acute and delayed symptoms and effects: Causes serious eye irritation. Signs/symptoms may include redness, swelling, pain, tearing, and blurred or hazy vision.
If swallowed	Call a poison center or doctor if you feel unwell. If vomiting occurs naturally, have victim lean forward to reduce the risk of aspiration. Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person.  Acute and delayed symptoms and effects: May cause gastrointestinal irritation. Signs/symptoms may include abdominal pain, stomach upset, nausea, vomiting and diarrhea.
Personal protective equipment for first-aid responders	Overalls. P.V.C. apron. Barrier cream. Skin cleansing cream. Eye wash unit.

#### 4.2 Most important symptoms/effects, acute and delayed

The most important known symptoms and effects are described in the labelling (see section 2.2) and/or in section 11

#### 4.3 Indication of immediate medical attention and special treatment needed, if necessary

Treat symptomatically; Provide general supportive measures

---

### SECTION 5: Fire-fighting measures

#### 5.1 Suitable extinguishing media

Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

#### 5.2 Specific hazards arising from the chemical

The product is combustible, and heating may generate vapors which may form explosive vapor/air mixtures. Slight fire hazard when exposed to heat or flame. Heating may cause expansion or decomposition leading to violent rupture of containers. On combustion, may emit toxic fumes of carbon monoxide (CO).

May emit poisonous fumes.  
May emit corrosive fumes.  
May emit acrid smoke.

Combustion products include: carbon dioxide (CO<sub>2</sub>), other pyrolysis products typical of burning organic material.

# Safety Data Sheet

## Real Flavours Strawberry Jam Toast

### 5.3 Special protective actions for fire-fighters

Wear self-contained breathing apparatus for firefighting if necessary.

#### Further information

In case of fire and/or explosion do not breathe fumes. Move containers from fire area if you can do so without risk. Use standard firefighting procedures and consider the hazards of other involved materials.

Combustible liquid.

---

## SECTION 6: Accidental release measures

### 6.1 Personal precautions, protective equipment and emergency procedures

Avoid breathing vapours, mist or gas. Ensure adequate ventilation. Remove all sources of ignition. Evacuate personnel to safe areas. Beware of vapours accumulating to form explosive concentrations. Vapours can accumulate in low areas. For personal protection see section 8.

### 6.2 Environmental precautions

See Section 12

### 6.3 Methods and materials for containment and cleaning up

SMALL SPILLS: Contain and absorb with absorbent material and place into containers for later disposal. Wash site of spillage thoroughly with water. LARGE SPILLS: Dike far ahead of spill to prevent further movement. Recover by pumping or by using a suitable absorbent material and place into containers for later disposal. Dispose in suitable waste container.

#### Reference to other sections

Personal Protective Equipment advice is contained in Section 8 of the SDS

---

## SECTION 7: Handling and storage

### 7.1 Precautions for safe handling

Ensure adequate ventilation. Wash hands before breaks and immediately after handling the product. Avoid contact with skin, eyes and clothing. Avoid ingestion and inhalation. For precautions see section 2.2.

Use personal protective equipment as required. Keep container closed when not in use. Never return spills in original containers for re-use. Keep out of the reach of children.

### 7.2 Conditions for safe storage, including any incompatibilities

Containers may be metal cans, drums or BPA-free PET bottles. Check containers often for physical damage or leaks. Keep container tightly closed in a dry and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage.

Keep away from heat, open flame and ignition sources.

#### Specific end use(s)

Apart from the uses mentioned in section 1.2 no other specific uses are stipulated

---

## SECTION 8: Exposure controls/personal protection

### 8.1 Control parameters

#### 1. Propylene glycol (CAS: 57-55-6 EC: 200-338-0)

TWA (Inhalation): 10 mg/m<sup>3</sup>; USA (OSHA)

USA. Workplace Environmental Exposure Levels (WEEL)

# Safety Data Sheet

## Real Flavours Strawberry Jam Toast

### 8.2 Appropriate engineering controls

Not normally required. Use ventilation adequate to keep exposures (airborne levels of dust, fume, vapor, gas, etc.) below recommended exposure limits.  
General industrial hygiene practice.

### 8.3 Individual protection measures, such as personal protective equipment (PPE)

#### Pictograms

#### Eye/face protection

Eye/Face Protection: None required with normal household use. Industrial Setting: For splash protection, use chemical goggles. Eye wash fountain is recommended.

#### Skin protection

Skin Protection: None required with normal household use. Industrial Setting: Protective gloves (for hands) and protective clothing are required where repeated or prolonged skin contact may occur. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.

#### Body protection

Skin Protection: None required with normal household use. Industrial Setting: Protective gloves (for hands) and protective clothing are required where repeated or prolonged skin contact may occur.

#### Respiratory protection

No special precautions for casual exposure. Ventilation Local Exhaust: None required with normal consumer use. Special: None. Industrial (General): Normal/general dilution ventilation is acceptable. Air contamination monitoring should be carried out where mists or vapors are likely to be generated, to assure that the employees are not exposed to airborne contaminants above the permissible exposure limits.

#### Thermal hazards

No data available

#### Control banding approach

Not applicable

#### Environmental exposure controls

Do not let product enter drains.

---

## SECTION 9: Physical and chemical properties and safety characteristics

### Basic physical and chemical properties

Physical state	Liquid
Appearance	Clear colourless, liquid
Color	Colourless
Odor	Not available
Odor threshold	Not available
Melting point/freezing point	Not available
Boiling point or initial boiling point and boiling range	Not available
Flammability	Not applicable
Lower and upper explosion limit/flammability limit	Not available

# Safety Data Sheet

## Real Flavours Strawberry Jam Toast

Flash point	Not available
Explosive properties	Not available
Auto-ignition temperature	Not available
Decomposition temperature	Not available
Oxidizing properties	Not available
pH	Not available
Kinematic viscosity	Not available
Solubility	Miscible
Partition coefficient n-octanol/water (log value)	Not available
Vapor pressure	Not available
Evaporation rate	Not available
Density and/or relative density	1.03
Relative vapor density	Not available

### Particle characteristics

Not available

### Supplemental information regarding physical hazard classes

Not available

### Further safety characteristics (supplemental)

Not available

---

## SECTION 10: Stability and reactivity

### 10.1 Reactivity

See Section 7

### 10.2 Chemical stability

Stable under recommended storage conditions.

### 10.3 Possibility of hazardous reactions

Unstable in the presence of incompatible materials.

Product is considered stable.

Hazardous polymerisation will not occur

### 10.4 Conditions to avoid

See Section 7

### 10.5 Incompatible materials

See Section 7

### 10.6 Hazardous decomposition products

In the event of fire: see section 5

---

## SECTION 11: Toxicological information

### Information on toxicological effects

#### Acute toxicity

The acute oral toxicity of propylene glycol is very low; large amounts are needed to cause perceptible health damage in humans. Serious toxicity generally occurs only at blood concentrations over 1 g/L, which requires extremely high intake over a relatively short period of time; this is nearly impossible with

## Safety Data Sheet

### Real Flavours Strawberry Jam Toast

consuming foods or supplements which contain 1g/kg of PG at most. Poisonings are usually due to injection through a vein or accidental swallowing of large amounts by children. The potential for long-term oral toxicity is also low. Prolonged contact with propylene glycol is essentially non-irritating to the skin. Undiluted propylene glycol is minimally irritating to the eye, and can produce a slight, temporary inflammation of the conjunctiva.

#### **Skin corrosion/irritation**

Propylene glycol

LD50 Percutaneous - Rabbit - 11890 mg/kg

Propylene glycol

Percutaneous - Human - 104 mg - 3 d

Result: Intermit Mod

Propylene glycol

Percutaneous - Human - 500 mg - 7 d

Result: Mild

Propylene glycol

Percutaneous - Human

Result: No adverse effect observed (not irritating)

#### **Serious eye damage/irritation**

Propylene glycol

Eyes - Rabbit - 100 mg

Result: Mild

Propylene glycol

Eyes - Rabbit - 500 mg - 24 h

Result: Mild

Propylene glycol

Eyes - Rabbit

Result: No adverse effect observed (not irritating)

#### **Respiratory or skin sensitization**

Propylene glycol

LC50 Inhalation - Rat - >44.9mg/l - 4 h

#### **Germ cell mutagenicity**

Data either not available or does not fill the criteria for classification

#### **Carcinogenicity**

Data either not available or does not fill the criteria for classification

#### **Reproductive toxicity**

Data either not available or does not fill the criteria for classification

#### **STOT-single exposure**

Based on available data, classification data are not met

#### **STOT-repeated exposure**

Based on available data, classification data are not met

#### **Aspiration hazard**

# Safety Data Sheet

## Real Flavours Strawberry Jam Toast

Based on available data, classification data are not met

---

### SECTION 12: Ecological information

#### Toxicity

Propylene glycol

LC50 - Fish - >10-mg/L - 96 h

Propylene glycol

EC50 - Crustacea - 43-500mg/l - 48 h

Propylene glycol

EC50 -Algae -19-mg/l - 96 h

Propylene glycol

NOEC - Fish - 11-530mg/l - 96 h

#### Persistence and degradability

LOW

#### Bioaccumulative potential

LOW (BCF = 1)

#### Mobility in soil

HIGH (KOC = 1)

#### Results of PBT and vPvB assessment

PBT/vPvB assessment not available as chemical safety assessment not required/not conducted

#### Other adverse effects

No data available

---

### SECTION 13: Disposal considerations

#### Disposal methods

##### Product disposal

Dispose of contents/ container in accordance with the local/regional/national/international regulations. Products covered by this SDS, in their original form, when disposed as waste, are considered non hazardous waste according to Federal RCRA regulations (40 CFR 261). Disposal should be in accordance with local, provincial and federal regulations.

##### Packaging disposal

Dispose of as unused product.

##### Waste treatment

Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. Recycle where applicable.

##### Sewage disposal

Not recommended for sewage or water disposal

##### Other disposal recommendations

None

---

### SECTION 14: Transport information

#### DOT (US)

# Safety Data Sheet

## Real Flavours Strawberry Jam Toast

Not dangerous goods

### IMDG

Not dangerous goods

### IATA

Not dangerous goods

---

## SECTION 15: Regulatory information

### 15.1 Safety, health and environmental regulations specific for the product in question

#### California Prop. 65 Components

This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

### 15.2 Chemical Safety Assessment

No Chemical Safety Assessment has been carried out for this substance/mixture by the supplier.

#### HMIS Rating

Real Flavours Strawberry Jam Toast	
HEALTH	1
FLAMMABILITY	1
PHYSICAL HAZARD	1
PERSONAL PROTECTION	B

#### NFPA Rating

## SECTION 16: Other information

Issue Date: 02-04-21

Revision Date: 03-25-22

### 16.1 Further information/disclaimer

DIY Flavours, Inc. and Real Flavours cannot anticipate all conditions under which this information and its product, or the products of other manufacturers in combination with its product, may be used. It is the user's responsibility to ensure safe conditions for handling, storage and disposal of the product, and to assume liability for loss, injury, damage or expense due to improper use. The information in these sheets was written based on the best knowledge and experience currently available.

### 16.2 Preparation information

Prepared for DIY Flavours, Inc. and subsidiary - Real Flavours
